

Astley Ainslie Hospital site – Guided Walks Questionnaire

The Grange Association and neighbouring Community Councils (Marchmont & Sciennes, Morningside, Merchiston and Grange Prestonfield) have organised these “guided walks” of the AAH site to inform residents about the site in advance of consultation by the NHS about future development of the site. We would welcome any thoughts you have about what development might be considered appropriate for the site and what you do not want to see. We already have your details and shall keep you informed about any meetings (arranged by community groups or by the NHS). On the reverse is a map of the site in case you want to visit again by yourself.

Please list below (briefly) the types of development you would like to see and those which should be avoided.

Preferred Development	Not wanted

Name.....

Contact details (email or phone).....

Postcode.....

Is this your first visit to this site? Yes/No

*Please return to: Roger Kellett, 10 Wyvern Park, EH9 2JY
or email AAH@grangeassociation.com*
